ALL ABOUT IELTS

2024

IELTS (International English Language Testing System) is a standardized test designed to evaluate the English language proficiency of individuals who want to study or work in English-speaking countries. There are two main versions of the IELTS test: IELTS Academic and IELTS General Training.

In the IELTS Live Online programme, you will study all 4 skills of the IELTS test based on whether you will do the Academic or General test.

”

Every first day of each IELTS skill will include an orientation for new students to the IELTS Live Online programme, and a short introduction to the IELTS skill that will be taught in the forthcoming classes. The first day (today) is a free class, and it is not included in the hourly curriculum.
